Grow a Business

\$10 could provide stationary for literacy and financial groups to help women grow businesses.

In Burundi, women are nurturing their skills through Mothers' Union's workshops. By learning about finance and business management they can generate an income to support themselves, their families, and their communities. Your gift is helping women to achieve financial independence and economic community resiliency.

Parents Supporting Parents

\$10 will provide supplies

for a parent to attend a Parents Supporting Parents group in Canada's North. Mothers, fathers,

aunts, grandparents all enjoy talking with each other and discovering new ways to add to their parenting skills in these Parenting groups.

* * * * *

Since Make a Mother's Day was first launched in 2007, more than \$2 million has been given to help support moms and families all over the world.

Homework Centres

\$20 could give members in Trinidad and Tobago the resources they need to continue their work at homework centres, providing valuable support to families.

In Trinidad and Tobago, Mothers' Union volunteer teachers are providing additional support free of charge to children identified as needing it, so they don't slip through the gaps of the education system. The children attend homework centres organized by the volunteers and based in primary schools across the country. Your gift is helping provide valuable support to children who need it most.

Give Them Wings

\$25 will help provide transportation for Parenting Groups in Canada's North.

Two Parent Facilitator Training Courses have been completed. There are now several trained facilitators just waiting for an easing of Covid restrictions so they can begin to hold Parents Supporting Parents groups. Your gift is helping provide transportation to bring these groups together.

Literacy Trainers

\$35 could help train a coordinator to support literacy learning circles in Sudan.

In Sudan, Nawal attends a literacy circle where she learns from a teacher trained in a Mothers' Union workshop. By receiving training in participatory learning methods, trainees can now provide literacy circles in their own communities. Nawal says: "Before I attended the literacy circle I couldn't read or write. I was blind like blind Bartimaeus but now because of this group I can see. I can read and write." Your gift is helping empower more people to read, write and release their full potential.

\$50 Start/continue a project*

Need money to buy a coffee urn so you can start a neighbourhood coffee morning? Or shelves to keep food bank items off the

floor? Or buying tools and supplies to start a community garden? **A grant from this fund will encourage branches across Canada to begin or expand an ongoing project that will make a difference in their community.**

***The Rev. Debbie Strickland Memorial Fund money comes from the sale of the \$50 Create a Project cards and from private donations of any amount. Branches may apply for a grant of up to \$150 for an ongoing project they wish to undertake to benefit their community. A description of the project would accompany the application request.**

Choose Brighter Futures

\$60

could help members reach and empower more women in the DMC to choose brighter futures.

Despite poverty, conflict and abuse, women in the Democratic Republic of Congo are ambitious and look to improve their livelihoods. By supporting them through skills training they are able to grow businesses, generate income and build the confidence to take on leadership roles in the community. Your gift is empowering women to shape their own future.

Survivors of Abuse

\$80 could provide training for specialists to reach survivors of abuse in hard-to-reach communities.

In Uganda there is a growing threat of gender-based violence in some communities. By creating safe spaces where survivors of abuse can come forward and speak openly about their traumas, we can help them to heal. It is from within members' deep-rooted community presence that they can advocate against harmful practices which enable violence and instead, work toward a better future for women and girls.
